June 30, 2018

1. This year's session will end of June 30, 2018. Summer break will begin July 1 and class will resume Monday, August 13<sup>th</sup>. Hope everyone has a great summer vacation! Ms. Hsieh will be out of the country in July 15 to August 8 to participate in the World City Cup competition in Hong Kong and stay in Taiwan.

2. Orion Abacus Association and Orion Abacus Youth Organization will participate in this year's Taiwanese & Chinese American Athletic Tournament on July 8, Sunday at Cupertino High School. We are in need of parents and student participants! Participants will represent the abacus association by walking in the annual parade. We will gather at 9:30AM and the parade will go on until 11:30AM. We will provide the OAA T-shirt and sandwiches for lunch. Students who participated will receive a small gift! If you are interested please sign up here:

Please see our picture from our teacher, parent and student participants at this event in 2014! We hope that this year we will have just as much fun and success at this event.

3. There are two new classes that will open in September. Their schedules are:

- 1) Tuesday from 3:45 pm to 5 pm starting 9/11/2018
- 2) Saturdays from 12:45 pm to 2:00 pm starting 9/15/2018

If you have friends or family who are interested, please direct them to A Plus Abacus website to fill out an inquiry form

Beginner Class

4. On April 15th, A Plus Abacus Student and TA Martin Wu participated in the Model Entrepreneur Competition hosted by World Journal and Columbia Business School. He was awarded honorable mention and was featured in the World Journal Newspaper. He was able to successfully defeat other teams through over 4 rounds of intense competition. The competition allows like-minded, business oriented, high schoolers to create and pitch their ideas and products to successful business professionals and professors. Martin's video and presentation were both outstanding and won him this award with the product, a drone-style robot that cleans your windows through the tap of your cell phone. Over 60 teams attended this year, with 20 advancing to the final round where Martin placed. Martin would like to thank Ms.Hsieh for her support and guidance throughout the process. Congratulations!
